## LINERPRO™ ROUND-BOTTOM LINERS

**PRODUCT DESCRIPTION:** The form-fit, round-bottom shape of the F30/36-08-01 minimizes wrinkles and folds, thus reducing stress that often tears flat-seam designs and allows complete recovery of valuable product from 30-gallon drums. Double-thick, 8-mil film provides a strong, contoured fit and delivers excellent value. The liner is designed for easy installation and can be simply twisted and tied off to protect contents. Its flexible, heat-sealed construction is uniformly liquid tight.
