

SYNTRAN[®] 8015

Technical Information

SYNTRAN[®] 8015 is based on our polymer technology. This technology was designed to give improved wetting and gloss into waterbased coatings.

Depending on the application SYNTRAN[®] 8015 typically is used between 1 and 10 percent.

Performances

Applications	Paint & Coatings
Features and Benefits	Excellent wetting & dispersibility of additives High compatibility and stability in multiple formulation types Low foam technology Ammonia & Formaldehyde Free

Typical Chemical and Physical Properties (do not constitute specifications)

Physical form	Transparent dispersion.
Solids content	30.0%
pH value	7.5
Viscosity	< 500 cps
Density@ 22°C	1.190
MFFT	>100°C
Freeze-thaw stability	Unchanged after 3 cycles
Stability at 52°C	Unchanged after 30 days

Safety, Storage, Handling

Please refer to Safety Data Sheet.
Shelf life: 12 months from shipping date in originally sealed containers.
Storage: between 5°C and 35°C.
